

## Daily Prayers for the New Building

At the last church meeting we said that we would send prayer points for the building project.

We have prayer points for each day of the week and we'd like you to pray them until the next church meeting when we will give an update on the progress.

We would also ask the small groups to dedicate one of their sessions to prayer for the building.

- |                  |  |
|------------------|--|
| <b>Sunday</b>    | Give thanks to God for his goodness and provision in the past so that the building has progressed so far.                              |
| <b>Monday</b>    | Pray for the Design Team as they work out costings needed to complete the building so that we can move in.                             |
| <b>Tuesday</b>   | Pray for the sale of the current site, for the best way to sell it and for the right timings.  |
| <b>Wednesday</b> | Pray for the CLT as they reflect on the best way to raise the finances needed to complete the building.                                |
| <b>Thursday</b>  | Give thanks that work is continuing on the building and pray for the safety of the workers who work on the site now and in the future. |
| <b>Friday</b>    | Pray that we will complete this building by June 2021.   |
| <b>Saturday</b>  | Pray for the questionnaire sent to church members, that God will show us the ways that He wants to bless the community through us.     |
